

PIKKULI

TV series: 26x5' | Target: 3-6 years

FAMILY AND HAPPY FRIENDS BY HIS SIDE,
PIKKULI PLAYS AND EXPLORES.

Synopsis

Hop-hop... Pikkuli doesn't want to learn how to fly. And if he doesn't want to he will not. So, he hops like a chicken and swims like a penguin.

Pikkuli likes the same things as all the small children all over the world: family, friends, playing, swimming, fishing, music - and Pikkuli learns something new every day!

Perhaps one day, he will learn how to fly. But he prefers more bouncing – like all the other kids.

PIKKULI

GOING FOR SMALL KIDS, TOUCHING WHOLE FAMILY

"Byrdish" - UNIVERSAL LANGUAGE

Pikkuli and his friends speak "byrdish", a language that sounds real but it is not. Byrdish is easy to understand, the characters beep and honk. With visual bubbles we strengthen the non-verbal communication and tell abstract things, like wishes and fears.

SCANDINAVIAN DESIGN

The visual approach of Pikkuli animation series is influenced by Scandinavian design. The look is colorful, yet stylish and tasteful.

” I think that you have done such a marvelous work. I seldom read a screenplay that is so lively, that functions so well, and that is so visual and has such good stories in it.

- Joonas Louhivuori,
 the representative of Finnish Film Foundation
