2Nd Season on the Way,
With CHARMING games!

Season 2

PIKKULI

TV series 26 x'5 | For pre schoolers

SYNOPSIS

With the second season, Pikkuli keeps learning new things. He has great adventures and faces thunderstorm and flooding. Pikkuli's courage is tested as he, once again, saves his best friend Honkkeli. Pikkuli meets new friends, such as Flying Squirrel, Hoopoe and the Magpie Kids. Pikkuli and Honkkeli have to teach Flying Squirrel that one shouldn't take goodies that belong to someone else even though they look soooo delicious!

The first season dealt mainly with Pikkuli's experiences at home, but in the second season we'll see Pikkuli and his friends going to Owl's painting classes, learning that fire is dangerous and creating a theatre piece of their own.

The second season of Pikkuli will use the same good recipe as the first one: warm humour, learning something new about life and yourself and the importance of friendship and family.

2ND SEASON

With growing curiosity, PIKKULI and his friends explore a Forest of Wonders!

Pikkuli is a positive little bird, living in a Scandinavian forest with his family and friends. Pikkuli's first season is in production and has been sold to seven different countries, including Finland, Norway and Spain. As so many people have already fallen in love with Pikkuli, we have now started to develop the 2nd season.

PIKKULI MOBILE GAMES

With the Pikkuli games, we focus on peaceful experiences of exploring the world. All the stories of our games rise from the Pikkuli-world; games are kind of side paths of the TV-series. Some ideas and examples of possible games:

All seven little Hazel grouse Chicks fall down in to Mole's hole. Pikkuli has to save them all and find a way back to the surface.

Pikkuli's painting class: you can play the same funny game as all the birds are playing in the episode "Pikkuli's Funny Feathers": jump into the paint bucket! And jump again - with another character.

"Pikkuli and the Strange tracks"- winter version: follow the tracks and try to figure out which one of the animals has taken your seeds and berries!

SOME EPISODES FROM THE PIKKULI 2ND SEASON:

Pikkuli and the Strange Tracks

Everyone is storing food for the winter and Pikkuli would so much like to eat some of the treats in the family storage. Mommy tells Pikkuli to go elsewhere, and Pikkuli decides to gather his own storage. Pikkuli and Honkkeli collect a huge pile of treats into a hollow tree trunk, but the disappointment is huge the next morning, when they find that all the treats are gone! The two set off to follow the strange looking tracks that frighten Pikkuli. The thief turns out to be a little baby Flying Squirrel who couldn't resist temptation. Pikkuli and Honkkeli teach the baby squirrel how to gather his own supplies.

Pikkuli's True Friend

Honkkeli has Pikkuli on a piggyback ride. Frog and Flying Squirrel dare them to jump off a cliff. Honkkeli declines, but Pikkuli jumps. Frog goads them to jump from an even higher cliff. Honkkeli declines, but Pikkuli jumps again. Frog dares Pikkuli to jump from even higher, but then Honkkeli interferes and fetches Pikkuli away. Frog and Flying Squirrel mock Honkkeli, but then Honkkeli tells Frog to jump - but Frog doesn't have the courage to do that! Honkkeli carries Pikkuli away on a piggyback ride.

Pikkuli's Funny Feathers

Owl prepares to paint a portrait of Hoopoe. Hoopoe comes to model with his son. The strange looking Hoopoe chick draws the attention of all the wood dwellers. Even Pikkuli laughs at the new arrival! Accidentally, Pikkuli is pushed into Owl's paint cauldron and soon Pikkuli is all brightly coloured! First everybody laughs at Pikkuli's weird colouring, but soon the others become inspired and want a wild paint coating of their own, even Mrs. Hazel Grouse, who is usually so very stringent and composed. In the end, everyone is painting themselves and each other, the forest is filled with joyful laughter.

Pikkuli's First Crush

Owl has three lovely nieces visiting. Pikkuli falls in love with all three, one at a time, thinking they are the one and same. Unknowingly, Pikkuli arranges a date to watch the sunset on the rocks with all three of them. On the date, three wonderful little owl girls appear. Pikkuli is astonished, but bursts into laughter. Everyone laughs and start playing as friends.

Pikkuli's Night Adventure

Pikkuli and Frog have permission to sleep the night in a tent next to the Byrds Hometree, on the condition that they don't run off into the dark woods, where the dangerous Marten prowls at night. Pikkuli and Frog giggle and jiggle in the tent and finally jump out from the tent in their sleeping bags into the dark woods. Owl sees them, and so does the Marten. Pikkuli and Frog panic, and return to the tent. In the morning, Owl tells Daddy about the night adventure and Pikkuli is ashamed. But, luckily, Pikkuli and Frog get to go on a real night trip with Daddy and Owl to the rocks, sitting by a fire.
